We will need some for sure, I need to talk to Bill Rhotenberry. Do we need to order up for both Branches in Houston? From talking to John Martin I am going to be running what I assume is now called Houston West Branch. Has someone be assigned as the Houston East Branch Director? I don't want to speak for another Branch Director as far as assets. Please advise

Warren

**Importance:** High

I have not order any START, It is my understanding that a data START is already at the USCG Sector in Houston. I have talked to John Martin about ERRS assets and a staging area in Houston under the existing TO. It is my understanding that the REOC was working on amending the current ERRS TO or doing a new one for Houston.
